WEBSITE

## SERVICE

We're a full-service residential and commercial lighting maintenance, services and installation company specializing in repair, replace, upgrade & related services for your indoor and outdoor lighting systems

 **"Save your energy; we'll take care of it!"** is our focus in everything we do, from each audit and maintenance proposal, to new or retrofit installations and ongoing customer engagement

We take care of every step of the customer journey - so you can focus on what's most important to you, your clients, homeowners, citizens and visitors

## A Full Range of Commercial, Residential and Municipal Lighting Services, Maintenance and Installation

Whether it's HOA and property management customers or the various commercial and public sector installations we serve, we combine the very best in equipment and trained personnel with unparalleled industry and technical experience.

### Property Management and Home Owner Associations

### Multi-Family Apartment and Condominium Facilities

### Automobile Dealerships

### EXCEPTIONAL CUSTOMER SERVICE

Our expertly-trained customer service and dispatch teams are here to help answer any questions, discuss your support needs, and to quote replacement and new products combined with installation services. We're also able to identify the right product-fit and best value for your existing facility or any new project.

Our clients rely on their lighting systems for smooth operations, so offering quick and reliable turnaround times for maintenance and repairs is essential.

### SCHEDULED MAINTENANCE

A scheduled maintenance program can help organizations reap the benefit of consistent lighting and take advantage of special maintenance pricing and programs. A well-designed lighting maintenance program helps clients operate their properties successfully and within budgetary requirements.

### ONE-STOP FOR YOUR LIGHTING NEEDS

Along with our wide product inventory, we have access to thousands of major wholesale suppliers and sources for hard-to-find lighting and related accessories from trusted commercial-grade lighting manufacturers.

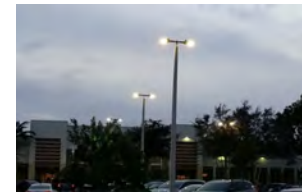

## We Maintain Lighting Systems In Most Any Environment

Nevada Illumination has continued to play an important role to ensure that our customers have properly functioning lighting systems for the properties they own and/or manage. This includes repair, replacement and the retrofit of lighting products, and installation of both existing and new facilities, all with top quality products at competitive pricing.
